Essay: I have chosen this book for the poster because I personally really like the book. It is an amazing book. This book demonstrates the combining of two totally different worlds and species, dragons and humans finally in peace. The thing that most intrigued me was the title of the book. This book is equally heartwarming and saddening. It was written by an amazing writer, Janette Lee Carey. This book is a totally different world, one that you cannot let go of until it is over. This book is meant to be read by everyone out there. It is something that is worth reading. "Bright fire. Dragon's fire. Broken sword. One black talon ends the war." The words of a book that tells its own story within the pages of Dragon's Keep.
